

MHSA Steering Committee – County Budget Priorities Survey

Greetings MHSA Steering Committee:

In June, the Board of Supervisors approved a Community Engagement Plan for the FY 2022-23 budget. The FY 2022-23 budget process is designed to increase transparency and to provide an opportunity for public input, as well as have a more robust public engagement process. Sacramento County is seeking input from the County's advisory boards and commissions in order to identify community needs and help determine budget priorities. This feedback will inform the recommendations that will be made to the Board of Supervisors, in order to formulate a scientific public opinion poll to help set priorities for the County's budget. Your input now will ensure the best polling tool is created so that the community at large can express their opinions early next year.

We have been asked to reach out to our Commissions and Boards and give feedback based on your aggregated ideas to ensure our Boards' and Committees' priorities are included.

Please take a moment to review the [Budget Brief](#) for information on the County's current investments.

Please complete this survey by Monday, September 13, 2021.
