

Mental Health Services Act (MHSA) Innovation Survey

Sacramento County Behavioral Health Services (BHS) values stakeholder input and asks for your help in defining the areas of focus and need for future MHSA Innovative Projects. We thank you for your time and thoughtfulness as we strive for holistic mental health outcomes and equity.

Background: An Innovative Project is a project that Sacramento County Behavioral Health Services (BHS) designs and implements for a defined time period (up to five years) and evaluates to develop new best practices in mental health services and supports. By statute, 5% of local MHSA funding must be used for Innovative Projects.

What makes a project **Innovative**?

Innovative programs are required to have the following purposes:

1. To increase access to underserved groups,
2. To increase the quality of services, including better outcomes,
3. To promote interagency collaboration, and/or
4. To increase access to services, including, but not limited to, services provided through permanent supportive housing.
