**Who is the Community Support Team?**

The Community Support Team is a collaboration that brings county and community-based organization staff into one team with a variety of clinical and outreach skills. It includes:

- Peer support specialists with lived experience who are able to use their life stories to foster hope and support individuals seeking help.
- Professional staff with clinical experience across all ages to assess and assist with appropriate referrals and supports.
- Family support specialists whose experience builds bridges and communication with family members, natural and extended family systems.

**Serving the Sacramento County community to:**

- Proactively attend to signs of distress relating to a crisis.
- Identify and create connections in the community.
- Maximize use of traditional and non-traditional community supports.
- Strengthen personal resilience in the face of challenging circumstances.
- Access self-help skills and resources.
- Problem-solve challenges and navigate system barriers.
- Engage in activities that improve life satisfaction and well-being.

**How does the Community Support Team help people?**

- Responds to requests for assistance for individuals, families, or the community.
- Provides flexible, field-based assessment of needs.
- Builds upon individual, family and community self-identified strengths, skills and natural supports.
- Assists with making connections and navigate services system.
- Prevents or reduces risks or stressors, by building protective factors and skills.
- Provides flexible “help-first” approaches and fosters hope for personal recovery.
- Provides early intervention to reduce or avoid need for crisis services.
- Increases active connection with self-identified supports.
- Educates key individuals, family members or natural supports to improve health and wellness.

**Mission Statement**

The Community Support Team serves individuals of all ages and diversity in the community with supports, education, resources and connections to services. The goal is to provide services in a culturally and linguistically competent manner to promote recovery, resilience, well-being and reduce the risk of suicide.
