

Criteria for each plan's data pull:

- Data from Calendar Year 2015
- For Medi-Cal members who were with the plan the full year
- Non-pediatric members
- The Top 50 members by number of non-primary care encounters over the CY

Data Summary:

Indicator	Percent of Mbrs	Comments
One Inpatient Stay	60%	30 of the 50 members in the top 50 of the data parameters had one or more inpatient stays in 2015.
Three or More ED Visits	98%	49 of the 50 members in the top 50 of the data parameters had 3 or more ED visits in 2015.
Indication of homelessness <i>Identified by either a homeless indicator or missing member's home address.</i>	16%	8 of the 50 members in the top 50 of the data parameters experienced homelessness in 2015.
