ADVISORY COMMITTEE / CARE COORDINATION WORK GROUP
WORK PRODUCTS FOR 2017

*** DRAFT FOR REVIEW AND DISCUSSION ***

Continue efforts in care coordination

- Create tools (such as other materials, flow pathways, etc.)
- Determine communication vehicles (ROI, etc.)
- Share best practices.

Address cross system coordination issues for individuals with:

- Mental health needs
- Substance use disorders
- Homelessness
- Criminal justice involvement

Prepare for new Plans (e. g., updated status, default algorithm, materials, etc.)

Prepare for the Health Homes Program (HHP)

- Implement what is possible now.
- Align current and proposed practices with HHP requirements.

Data

- Finalize Health Plan data reports (content, frequency) to assist in planning efforts.
- Process for Health Plans to share utilization data with IPAs/Medical Homes.
- Process for Hospitals to share utilization data with Plans (example: Kaiser/Molina).
- Process for County Mental Health Plan to share information with Plans on a routine basis.
- Periodic hospital reports on ED utilization including avoidable primary care.
- Determine relevant data indicators for success.
