Meeting 09/26/16

UNIVERSAL RELEASE OF INFORMATION (ROI)

Desert Vista Consulting Group worked with a group of grantees on an integrated behavioral health project to develop and implement a Universal ROI. Counties included Los Angeles, San Diego and Merced among others. Each had a different need but does not include some key partners.

Questions for consideration:

- *What are the needs for a Universal ROI? Issues to be addressed?*
- *What stakeholders are needed?*
- *Target Population?*
- *Challenges and barriers?*
- *Work Flow?*
- *Next Steps?*
