Sacramento County Homeless Plan

- Sacramento County is preparing a plan to address homelessness
- A plan is required to apply for State No Place Like Home (NPLH) funding and may be needed for additional State resources
- The plan will leverage critical resources: NPLH funding = new permanent supportive housing developments for persons with serious mental illness who are also experiencing homelessness

Elements of the Plan

- Describe magnitude and characteristics of homelessness, chronic homelessness and the NPLH target population
- Inventory existing efforts underway and partners in ending homelessness
- Describe current resources and identify critical gaps
- Lay out County and stakeholder plans to address unmet needs in key focus areas

Timeline

- Data collection and stakeholder input, July – September 2018
- Plan drafting and selection of key strategies, September – October
- Plan adoption and send to State – November 2018

Discussion Questions

- What programs or initiatives do you work with, or interface with, that are related to homelessness?
- What collaborative efforts or system partnerships have worked really well?
- What is needed to improve outcomes for people experiencing homelessness? What are the critical, or unmet needs?

THANK YOU!!
