		Revised:	01/30/15
		Review:	11/30/17

---

EMS Medical Director

---

EMS Administrator

**Purpose:**

To establish medical control criteria for approved Automated External Defibrillation (AED) Service Providers

**Authority:**

- A. California Health and Safety Code, Division 2.5
- B. California Code of Regulations, Title 22, Division 9

**Policy:**

The AED Service Provider will provide evidence of Medical Control. This will include:

- A. Appointment of a Medical Director, which means a physician and surgeon, currently licensed in California, who provides medical oversight to the AED Service Provider as set forth in California Code of Regulations, Title 22, Division 9; Prehospital Emergency Medical Services.
- B. Appointment of an AED coordinator, which may be any one of the following: a physician, registered nurse, physician assistant, paramedic or EMT.
- C. The Medical Director shall ensure that AED Service Provider's CPR and AED training meets the requirements as outlined in California Code of Regulations, Title 22, Division 9.
- D. That a mechanism exist that will assure the continued competency of the CPR and AED trained individuals in the AED Service Provider's employ to include periodic training and skills proficiency demonstrations.
- E. The Medical Director shall review each incident where emergency care or treatment on a person in cardiac arrest is rendered and ensure the CPR and AED standards that the Rescuer was trained to, were followed.
- F. Training on maintenance and use of an AED according to manufacturer's recommendations, as needed.
