

# MAC/OAC Comments on Policies/Protocols

May 11, 2017

Policy/Page	Provider/Agency	Comments/Suggested Edits	Response
PD# 7500.15	Methodist Hospital	Under Definitions, A1: This statement should be removed because it is obviously from another protocol: " Provide a copy of a valid and current Advanced Cardiac Life Support card, and Pediatric Advanced Life Support card according to the standards of the American Heart Association."	<b>Corrected</b>
PD# 7500.15	Methodist Hospital	2. Under Definitions, B1-change to initial triage shall utilize the START/JumpSTART method	Agreed <b>Corrected</b>
PD# 7500.15	Methodist Hospital	Under Policy-you state everyone should use the OES Region IV MCI plan-does Sac County EMS have any concern that this document has not been updated since 1997-20 years ago? Shouldn't this be updated at least every 5 years at least and shouldn't Sacramento County use their influence as the largest county in Region IV to make this happen?	Currently being addressed and revised
PD# 7500.15	Methodist Hospital	Under Policy, D-# 2 should become #1 and the listed #1 should become "a" under the CF shall be utilized. Then it would read- The CF shall be utilized: a. when the number of patients meeting CTTC = 4 or more, then b, c etc.	Agreed <b>Corrected</b>
PD# 5200	Methodist Hospital	Under Transfer to a Receiving Facility: UC Davis Medical Center is no longer an Ebola Treatment hospital-they are now an Ebola Assessment hospital. Kaiser South is now the only Ebola treatment hospital in Sac County.	<b>Corrected</b>
