Purpose:

A. To serve as the standards by which Pre-hospital providers, Receiving Facilities and the Control Facility should complete and submit designated form in the event of a multi-casualty incident (MCI) within the County of Sacramento.
B. To serve as the standards by which the Sacramento County Emergency Medical Services Agency (SCEMSA) will coordinate MCI debriefings for personnel involved with an MCI event.
C. To collect MCI data in order to assist in the Continuous Quality Improvement (CQI) of the EMS system within Sacramento County.

Authority:

A. California Health and Safety Code, Division 2.5
B. California Code of Regulations, Title 22, Division 9

Definitions:

A. Small MCI: Four (4) or more patients transported to more than one (1) hospital, and declared MCI.
B. Large MCI: Five (5) or more patients transported to more than one (1) hospital, declared MCI, and Control Facility (CF) determines destination.
C. Major Incident: defined by Sacramento County Emergency Medical Services Agency (SCEMSA) after reviewing submitted reports.

Protocol:

A. Each provider shall submit the appropriate form completed by a staff member directly involved in the incident. Completed forms shall be forwarded by the provider liaison to SCEMSA by the end of shift or within twenty-four (24) hours of the incident.
B. Forms shall be submitted online or sent to SCEMSA via email or mail within ten (10) business days.
C. SCEMSA will review all submitted documents and collect data, meeting any criteria under the definitions section, for use during CQI and to determine the need for a debriefing session.
D. Any organization may request a debrief of an incident through SCEMSA within forty-eight (48) hours of the incident.
E. At any time, a field level provider or hospital employee may submit a MCI critique form directly to SCEMSA.
