Primary Health Services Update

### **COUNTY MEDICALLY INDIGENT**

- Continuing to work on ACA transition which will continue.
- As of Monday, there were over 14,000 CMISP, many of which should transition into new health care programs.
- County primary care continues to serve residual CMISP, small medical home, and other health services such as health care for the homeless, IBH, refugee health.
- Individuals are presenting to the clinic with confusion regarding eligibility or where to obtain services if they have FFS Medi-Cal. County Eligibility is assisting individuals on a case by case basis with eligibility transition issues.
- There will be a board workshop on April 22nd providing a status report of County ACA implementation. County Eligibility will have better information at that time regarding data for Medi-Cal and CMISP.

### **STATE DHCS POSTED MEDI-CAL MANAGED CARE DATA**

- Sacramento GMC capitated enrollment total for the month starting January 1, 2014 was 270,801. Change from prior month of 9,872. The capitation report which is run later (01/29/14) had total enrollment at 275,623.
- The Enrollment Default Percentage for Sacramento GMC was 21%. This was the lowest in the State along with Placer. Rates varied from 21% - 84%.
- If you would like more information, data is posted on the State DHCS webpage: <http://www.dhcs.ca.gov/dataandstats/reports/Pages/EnrIDisenrIReports.aspx> or see Committee link below.

### Needs Assessment and Accreditation

Olivia Kasirye, MD:

- Dr. Kasirye provided a handout titled “Mobilizing for Action through Planning and Partnerships: A Community Approach to Health Improvement (MAPP)” published by the National Association of County & City Health Officials (NACCHO).
- The handout describes a validated process recommended for developing the Needs Assessment portion of the Accreditation process that is currently being used by other County entities and endorsed by the CDC.
- The MAPP process is broken down into six Phases:
  - Organize for Success and Partnership Development
  - Visioning
  - The Four Assessments
    - Community Themes and Strengths Assessment
    - Local Public Health Systems Assessment
    - Community Health Status Assessment
    - Forces of Change Assessment
  - Identify Strategic Issues
  - Formulate Goals and Strategies
  - Action Cycle
    - Evaluate, Plan, and Implement
- Drexel University is being asked to provide a facilitator, with a Public Health background, who will work with the MAPP Planning Group (comprised of members of the Public Health Division) to assist with the development of the Needs Assessment portion of the Accreditation process.
- The MAPP Planning Group performs tasks like survey gathering, preparing reports, etc.
- The MAPP Oversight Committee has the responsibility to provide oversight to the MAPP process in an advisory role to assist with identifying priorities through presentations and other reports from the MAPP Planning Group.
- The MAPP Oversight Committee role requires a commitment to allow time to meet with the Planning Group to receive regular updates and provide feedback on direction.
- The estimated timeline is 18 months; however this may change as the project develops.
- Dr. Kasirye presented a timeline to the group detailing the MAPP Process and expectations.
