

CDA Cares exemplifies the best of our community in action.

Today, one in three Californians lacks access to dental care, including children and the working poor. Help make a difference in the lives of families in Sacramento by volunteering at CDA Cares, an event that provides more than \$1.5 million in dental services and oral health education at no charge to more than 2,000 Californians per event.

You don't need to be a dental professional to help, community volunteers are needed to assist with registration, clinic setup, data entry, escorting patients, translating, and much more.

Volunteer Today
