**RE: Ground Ambulance Fee Schedule: Assembly Bill 716  
Sent via Email on December 29, 2023**

Dear Mr. Cruz,

This letter affirms that Sacramento County Emergency Medical Services Agency (SCEMSA) has approved the fee schedule provided by American Medical Response - Sacramento Sierra Region (AMR - Sacramento), in alignment with the provisions outlined in Assembly Bill 716 (AB 716). After thoughtful review, SCEMSA is confident that the proposed fee structure aligns with the stipulations set forth in the legislation.

AMR - Sacramento complies with all legal requirements set forth in AB 716 in developing a fee schedule and reflects a commitment to fair and equitable pricing.

Thank you for providing quality prehospital services for the residents in Sacramento County.

If you have any questions or concerns, please do not hesitate to contact Katey Cloonan, EMS Specialist, at (916) 875-9765 or email at [cloonank@saccounty.gov](mailto:cloonank@saccounty.gov).

Sincerely,

Re: Rate Increase Request

To whom it may concern,

I am writing on behalf of American Medical Response to formally request a 6% rate increase for both our base rate and ancillary charges for the upcoming 2024 calendar year. This increase is necessary to ensure that we can continue to provide high-quality emergency medical services to the Sacramento community while meeting the rising costs of operational expenses.

We believe that this adjustment is justified based on several factors, including the increasing cost of medical supplies, equipment, and personnel required to deliver our services at the level of excellence our community has come to expect from us. Additionally, we have made significant investments in technology and training to enhance our capabilities and improve patient outcomes, which necessitates a corresponding adjustment in our service rates.

Thank you for your attention to this matter. We look forward to your review and approval of our request. Please do not hesitate to contact me if you require any further information or clarification.

Sincerely,

Gabriel R. Cruz  
Director of Operations
